Anurag Singh

Senior Software Developer | 5+ Years

+91 9599804678 sin.anurag12@gmail.com linkedin/in/anuragsingh0911 github/anurag1109 Noida

Senior Full Stack Developer with 5+ years of experience in MERN stack (React, Node.js, MongoDB) building scalable, high-performance applications. Strong expertise in reusable UI components, REST APIs, authentication, RBAC, performance optimization and system design. Hands-on experience building AI-Powered workflows using LLMs, multi-agent orchestration, and API/tool integrations.

SKILLS

Languages: JavaScript (ES6+), TypeScript, Java
Frontend: React.js, Redux/RTK, HTML5, CSS3, Tailwind CSS, Material UI, Bootstrap, Shadcn
Backend: Node.js, Express.js, MongoDB, MySQL, REST APIs, JWT, OAuth
Programming Skills: Data Structures and Algorithms, System Design, Debugging
Developer Tools: Git, GitLab, VS Code, Postman, Jira, Confluence, SourceTree, Docker

WORK EXPERIENCE

Coforge **Oct 2024 – Present**
Sr. Software Engineer *Gr. Noida*

- Working on ***SEI LifeYield***, a tax-aware investment optimization platform that enables financial institutions to maximize investors' after-tax returns through household-level portfolio optimization and tax-efficient investments.
- Designed and developed **scalable, reusable, and configurable React components**, custom hooks, and shared utilities, reducing duplicate code by **30%** while improving maintainability and accelerating feature delivery.
- Optimized application performance by implementing **lazy loading, pagination, code splitting, drag-and-drop functionality, and efficient file upload/download workflows**, resulting in an improved user experience.
- Integrated secure **REST APIs** and implemented **Role-Based Access Control (RBAC)** to enforce role-specific authorization across multiple investment workflows.
- Improved application quality by increasing automated test coverage using **Vitest**, leading to a **55% improvement** in bug detection before production releases.

TechAhead **Jul 2023 – Oct 2024**
Software Engineer *Noida*

- Built features for ***TNCC*** e-learning platform used to deliver interactive and engaging educational experience globally.
- Implemented **OAuth**, **JWT** authentication, and **RBAC** authorization.
- Integrated real-time chat using **Socket.io**, enabling seamless communication between students and instructors.
- Used **Redux**, **Redux-Saga** for scalable state management and caching.
- Implemented file uploads, media players, **pagination**, **lazy loading** and chart libraries for data visualization.
- Designed and developed ***Saritoria*** e-commerce platform used to boost online sales and customer engagement.
- Developed **REST APIs** for seamless front-end and back-end integration.
- Built **reusable and customized** components for tables, dropdowns, popups and custom hooks for various use cases.
- Integrated Redux for state management and React Router for dynamic navigation, ensuring a smooth user experience.

Ekaasha Technologies **Jun 2021 – Jul 2023**
Software Developer *Noida*

- Developed ***Utility-X*** from scratch, a platform that integrates multiple services into a unified interface.
- Enhanced dashboard and admin panel, improving user management and administrative tasks.
- Built configurable React components with **lazy loading**, and a **central network layer** for API calls.
- Integrated Razorpay for secure and seamless online transactions.

PROJECTS

Agentic Podcast Generator | *Node.js, Express.js* **April 2026**

- An **AI-powered podcast** generator automating topic research, script creation, and **audio generation** using **multi-agent orchestration**.
- Integrated Google Gemini LLM + TTS to convert scripts into podcast-ready audio with **multi-voice** host simulation.

YouTube Clone | *React.js, Redux, JavaScript, Tailwind CSS* **Mar 2021**

- Integrated **YouTube's public API** for videos, optimized search with debouncing, support for live comments with LRU caching and N-level nested user comments.

EDUCATION

JSS Academy of Technical Education **Jul 2014 – Jun 2018**
Bachelor of Technology in Electronics and Communication *Noida*
